River Cities Community Sailing Program

The River Cities Community Sailing Program is a Louisville-based non-profit group serving the Kentuckiana region dedicated to teaching children and adults how to sail.

The Program's mission is to enrich the lives of youth and adults through sailing; teaching its fundamental skills—boat handling skills, water safety and sportsmanship, and opening their eyes to sailing's many facets.

The Program goal is to develop competence and confidence in students - in a fun and safe environment.
